Is not a chance remedy. Its good effects are readily experienced by all expectant mothers who use it. Years ago it passed the experimental stage. While it always shortens labor and lessens the pains of delivery, it is also of the greatest benefit during the earlier months of pregnancy. Morning sickness and nervousness are readily overcome, and the liniment relaxes the strained muscles, permitting them to expand without causing distress. Mother's Friend gives great recuperative power to the mother, and her recovery is sure and rapid. Danger from rising and swollen breasts is done away with completely. DEATH OF MISS ALICE WITHEROW

Miss Alice Witherow, youngest daughter of Prof. and Mrs. W. H. Witherow, died at her home here on Monday about one o'clock. She has been critically ill for about six weeks, and little hope has been entertained of her recovery. All that devoted attention and tender nursing could do was done for her, but without avail. She grew much worse on Sunday and the end came quickly. Her sweetness and gentleness of disposition endeared her to many, and her death has cast a gloom over the town. During her long and painful illness she bore her sufferings with wonderful patience and fortitude, never uttering a complaint. Her father and mother and one sister, Miss Mary Witherow, survive her, and in their sore bereavement they have the deep and sincere sympathy of the whole community. The funeral services were held in the Presbyterian Church on Monday afternoon at 4.30 o'clock.

DEATH OF MRS. H. T. WILLIAMS.

From the Yorkville Enquirer we take the following account of the death of Mrs. H. T. Williams which occurred at her home in that place on Sunday morning. Mrs. and Mrs. Williams are well known here, having lived in Winnboro for about a year.

Mrs. Williams was Miss Julia Bivens, daughter of Mr. H. F. Bivens, of Waxhaw, N. C. She was married to her husband in May, 1895, and since then has lived at Waxhaw, Chester, Winnboro and other points to which the business of her husband—cotton buying—led him. Mr. and Mrs. Williams came to Yorkville two months ago, and have just settled here. The death of Mrs. Williams is attributed to peripneumonia. She gave birth to a daughter on Sunday of last week. Fever developed on the following Tuesday with a chill, and the end came as stated. It was very sudden. Even Mrs. Williams did not realize the seriousness of her condition and was not willing to have her husband telegraph for her people. Mrs. Williams was just 24 years of age, her birthday occurring during this month. She leaves three little girls. She was a member of the Methodist Episcopal Church and deposited her letter with Trinity shortly after taking up her residence in Yorkville. The funeral took place on Monday afternoon, the service being held at the residence of the bereaved family. Rev. J. M. Steadman, being conducted by Rev. Dr. S. A. Weber. There was a large concourse of people in attendance.

Women as Well as Men Are Made Miserable by Kidney Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear. The kidneys are out of order or diseased.

Kidney trouble has become prevalent for a child to be born afflicted with weak kidneys. If the child urinates often, the urine scalds the flesh or if when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swainson's Kidney and Bladder Remedy is sold by druggists, in fifty-cent and one-dollar sizes. You may have a sample bottle by mail free, also a pamphlet. Home of Swampy Bog, all about it in the thousands of testimonials received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper.

QUESTION ANSWERED.

Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers and grandmothers never thought of using anything else for Indigestion or Biliousness. Doctors were scarce, and they seldom heard of Appendicitis. Nervous Prostration or Heart Failure, etc. They used August Flower to clear out the system and stop fermentation of undigested food, regulated the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and bad with headaches and other aches. You only need a few doses of Green's August Flower, in liquid form, to make you satisfied there is nothing sicker the matter with you. For sale by McMaster Co., druggists.

A MIGHTY MAN.

You want to brace up, Miranda, when you see me comin' round. I'm a mighty man of importance. It has suddenly been thought of using Mustard for this government, an' whether it shall last, Must finally be settled by the way my vote is cast.

The orators have said it; they have said it loud and long. They have said it so emphatic that, of course, they can't be wrong. So act respectfully, Mandy; not familiar-like and free.

The country is in peril, an' it all depends on me. I am the solid citizen; the man who tills the soil.

The waters have grown troubled an' they're hollerin' for help. So, Mandy, don't you bother me with talk about the chores. An' start me out off-hand, a doin' errands out of doors.

An' when I'm meditatin', don't you give me mind a shock. By nothin' man's or kettle's or windin' of the clock. My livin' here should make you jes' as proud as you kin be.

The country is in peril, an' it all depends on me. —Washington Star.

It Happened in a Drug Store.
"One day last winter a lady came to my drug store and asked for a brand of cough medicine that I did not have in stock," says Mr. C. R. Grandin, the popular druggist of Ontario, N. Y.

She was disappointed and wanted to know if I could prepare one I could recommend. I said to her that I could freely recommend Chamberlain's Cough Remedy and that she could take a bottle of the remedy and after giving it a fair trial if she did not find it worth the money she could bring back the bottle and I would refund the price. In the course of a day or two the lady came back in company with a friend in need of a cough medicine and advised her to buy a bottle of Chamberlain's Cough Remedy. I considered that a very good recommendation for the remedy. It is for sale by McMaster Co., druggists.

Doctors Say;
Bilious and Intermittent Fevers which prevail in miasmatic districts are invariably accompanied by derangements of the Stomach Liver and Bowels.

The liver is the great "driving wheel" in the mechanism of man, and when it is out of order, the whole system becomes deranged and disease is the result.
